

Dear Patient,

We are pleased you have chosen Eyecare Medical Group for your eye care.

To insure that you get the maximum benefit from your visit with us, here are a few helpful tips:

- Bring a complete list of your current medications, including vitamins and herbal supplements. Include the strength (dosage) of each one and how often you use them.
- Bring a government issued photo I.D. and current medical insurance card(s).
- Please check with your insurance company to see if a referral is necessary. If so, contact your PCP and request that they fax the referral to us at 874-2938, prior to your appointment.
- You may receive eye drops during your appointment that can temporarily blur your vision. Therefore, we recommend you bring someone with you who can drive if necessary.

Again, thank you for choosing Eyecare Medical Group and we look forward to meeting you soon. If you have any questions, please call our office at 207-828-2020.

Sincerely,
Physicians and Staff at EMG
